Everyday Stewardship
Recognize God in Your Ordinary Moments
In the Unexpected

"What could happen next?" How many times have you asked yourself that question in the past year? Though we most often use that expression when things don't seem to be going our way, this year it has been an expression of the constant changes to our world which the COVID-19 pandemic has wrought. But we might use the same expression to explain our feelings of being overwhelmed by blessings and good things, when the stars seem to align just right.

No matter what, we can say with certainty that tomorrow will not go exactly as we envisioned. Our lives are influenced by so many factors and the world around us is increasingly complex. Rather than be surprised by the unexpected, maybe we should expect the unexpected.

Living in this manner causes us to cherish more deeply the gifts we have been given. It helps us to live in the present and become mindful of those around us. Our relationships deepen. Our sense of responsibility builds. Our stewardship way of life finds new meaning and purpose.

This Advent will not be the same experience as last Advent. It remains to be seen what the coming days and weeks have in store for each of us. However, no matter what happens, Jesus Christ is there to welcome us to the unexpected. He will celebrate with us in joy and he will even feel our pain. You can count on the unexpected, but you can also count on Him to be there with you. He is now and forever, Emmanuel, "God with us." He is the expected in all things unexpected.

SOCIALISM BEARS THE MARK OF THE BEAST – 666, PART 11A

The Popes on Socialism
The following quotes were put together by Gustavo Solimeo. I have taken them from an article that he wrote entitled "What the Popes Really Say About Socialism" on the TFP Student Actions website. I include them here just to make clear that this series of columns on the evil of Socialism is not based on my private political philosophy and that the condemnation of Socialism is not relegated to just Pope Leo XIII, but has been repeated by almost every pope since him. This is clear and certain Catholic teaching.

LEO XIII (1878-1903) – In addition to the many quotes from "Rerum Novarum" in my series. **"Overthrow is Deliberately Planned"** For, the fear of God and reverence for divine laws being taken away, the authority of rulers despised, sedition permitted and approved, and the popular passions urged on to lawlessness, with no restraint save that of punishment, a change and overthrow of all things will necessarily follow. Yea, this change and overthrow is deliberately planned and put forward by many associations of communists and socialists." (Encyclical Humanum Genus, April 20, 1884, n. 27)

Debasing the Natural Union of Man and Woman "They [socialists, communists, or nihilists] debase the natural union of man and woman, which is held sacred even among barbarous peoples; and its bond, by which the family is chiefly held together, they weaken, or even deliver up to lust. (Encyclical Quod Apostolici Muneris, December 28, 1878, n. 1)

"The Harvest of Misery" ...there is need for a union of brave minds with all the resources they can command. The harvest of misery is before our eyes, and the dreadful projects of the most disastrous national upheavals are threatening us from the growing power of the socialistic movement." Encyclical Graves de Communi Re, January 18, 1901, n. 21)

SAINT PIUS X (1903-1914) Th**e Dream of Re-Shaping Society will Bring Socialism**
"But stranger still, alarming and saddening at the same time, are the audacity and frivolity of men who call themselves Catholics and dream of re-shaping society under such conditions, and of establishing on earth, over and beyond the pale of the Catholic Church, 'the reign of love and justice' ... What are they going to produce? ... A mere verbal and chimerical construction in which we shall see, glowing in a jumble, and in seductive confusion, the words Liberty, Justice, Fraternity, Love, Equality, and human exultation, all resting upon an ill-understood human dignity. It will be a tumultuous agitation, sterile for the end proposed, but which will benefit the less Utopian exploiters of the people. Yes, we can truly say that the Sillon, its eyes fixed on a chimera, brings Socialism in its train." (Apostolic Letter Notre Charge Apostolique [Our Apostolic Mandate] to the French Bishops, August 15, 1910, condemning the movement Le Sillon)

BENEDICT XV (1914-1922) **Never Forget the Condemnation of Socialism**
"It is not our intention here to repeat the arguments which clearly expose the errors of Socialism and of similar doctrines. Our predecessor, Leo XIII, most wisely did so in truly memorable Encyclicals; and you, Venerable Brethren, will take the greatest care that those grave precepts are never forgotten, but that whenever circumstances call for it, they should be clearly expounded and inculcated in Catholic associations and congresses, in sermons and in the Catholic press." (Encyclical Ad Beatissimi Apostolorum, November 1, 1914, n. 13)

Please see the Bulletin insert for the remainder of quotes.

Gospel Meditation
Encourage Deeper Understanding of Scripture

You are at the eye doctor and it's time for the peripheral vision test. You know the one. It's where you put your head up to a contraption and have to click a switch every time you see a squiggly line. If you don't concentrate and maintain optimal focus, you will miss them and skew the outcome of the test. You can easily find yourself with a diagnosis that really isn't accurate! Concentration and focus are key to succeeding with this evaluation. They are also key to developing a healthy, vibrant spiritual life. If we do not bring our full consciousness to the task, concentrate with all our might, be watchful and vigilant, we are not going to see God's loving presence flashing before our eyes!

That's why we need Advent. Let's face it. We can easily get distracted, focus on nonessential and superficial things and lose touch with what really matters. Our attentions wander. We daydream and even become a bit overwhelmed and tired. All of the stresses and demands of life consume us and we find ourselves constantly trying to play catch up rather than relishing the moment of the now. "Now" moments are so fleeting. They flash before us like those squiggly lines on a screen. Present moments go as quickly as they come but it is important to discover them and rest in them as often as we can. Though gone in a flash, these now moments of encounter with God teach powerful lessons and offer a grounding in truth that can be found nowhere else. It's the grace of Advent to become watchful and attentive because we are never sure when God will surprise us.

God loves surprises and love thrives on them! God's now moments of surprises come as tender instants of intimate connection where I find profound peace, experience joy, and rest in love. These are Advent times reflective of the now moments when Christ first was born, when God surprises us during every time we care to watch and when the great surprise of Christ's second coming dawns upon us all. But, to discover the grandeur and experience the awe of these now times, we have to be ready. We have to want to be there. We have to believe. And, we have to have the desire to soak in as much as we can in the time we have before us.
