Pandemic Prayer

O Lord, we thank you for guiding the creativity of those who developed the vaccines for the Coronavirus. May everyone recognize your role in the advances of modern science that help us to stay safe and healthy. Make us patient as we await the distribution of the vaccines.

Help us, O Blessed Mother, Health of the Sick and Seat of Wisdom, to be filled with confidence and trust in the tender compassion of our God.

Continue to watch over all who are sick, those who care for them, and show us all how to care for one another more deeply and more completely.

Help us to live hopefully and with grateful hearts each day, and to emerge from this crisis more devoted to you and to one another than ever before.

We ask this through Christ, our Lord. Amen.

Stewardship Thought

Do you ever think about how difficult it mush have been for Jesus to come into Galilee, knowing that John had just been arrested for teaching the same message that Jesus was proclaiming. It must have taken great love and trust for Jesus to do what the Father had asked In the same way, following a life of stewardship takes great love and trust from us. We must be willing to surrender completely to God, trusting that God will always give us all that we need to fulfill His plan for us.

A Family Perspective

Jesus went into the desert to put his life in perspective. This lent, take a fresh look at a difficult relationship in your life. Concentrate on the positive things that person does, not just the negative. Try to understand why their behaviors "bug" you. Can you honestly share your feelings with them without attacking them?
Make Lent a time to MEND and FORGIVE.
