CALL TO HOLINESS

I found myself these last several weeks complaining about the smallest and dumbest things. I was losing sight of the grace that comes even in the struggles of life. I neglected to hear or see how each of you is holding up under the daily burdens of life and said nothing, because it is a part of God's life-giving plan for you. My trials had become my mantle, excuse and mindset. What a fool, a child crying, because it wasn't perfect or as planned." (*Henri Nouwen*) This quotation from Nouwen came to mind when I went to a nursing home recently and anointed a ninety-four year old "gentle" man who makes my sufferings instantly insignificant; as he said most clearly, "I accept all of this as a part of my life in Christ and do not get depressed or angry over my situation, Father."

Wow! There he was identifying with Christ in his suffering. He basically slapped me in the face and said: "Wake up and accept the crosses of life that bring you closer to the Lord." Let us pray for one another, that through the crosses of life, we will allow the Lord to create us over and over and over into his image.

As stated by St. Paul in his *Second Letter to the Corinthians*: "We always carry in our bodies the death of Jesus." Maybe one of these days, we will all catch on!

THE ROSARY

Origins of the Rosary...Gabriel's words, "Hail Mary, full of grace, the Lord is with you" (Luke 1:28), sometimes were read in the monasteries at the end of a psalm, showing how the psalms found fulfillment in the New Testament with the coming of Christ through the Virgin Mary. Some laity began to recite these words in the manner of the Our Father—150 times, while counting their prayers on beads. In repeating the words of Gabriel, they were reliving the joy of the annunciation and celebrating the mystery of God becoming man in Mary's womb. Christians linked this prayer with Elizabeth's words to Mary at the Visitation: "Blessed are you among women, and blessed is the fruit of your womb" (Luke 1:42).

...The devotion was simplified by reducing the meditation points to fifteen, with one for every decade...by the end of the fifteenth century, the basic structure of the rosary was in place: Our Fathers dividing decades of Hail Marys, with meditations on the life of Christ and Mary.

In the sixteenth century, the sets of five Joyful, five Sorrowful, and five Glorious Mysteries as we know them today, began to emerge. Also, the vocal prayers of the rosary were finalized. The Glory Be was added to the end of every decade, and the second half of the Hail Mary was formalized: "Holy Mary, Mother of God, pray for us sinners now and at the hour of our death. Amen." In 1569, Pope Saint Pius V officially approved the rosary in this form: fifteen decades of Hail Marys introduced by the Our Father and concluded with the Glory Be...And so the rosary remained for over four centuries. Then, in 2002, Pope Saint John Paul II proposed something new... the "Mysteries of Light" or "Luminous Mysteries."... 1. Christ's baptism, 2. The wedding feast at Cana, 3. The proclamation of the kingdom, 4. The Transfiguration, and 5. The institution of the Eucharist. Taken from Franciscan Media.com Edited for space.

HEALTH & WELLNESS CORNER

October is Breast Cancer Awareness Month

Detecting Breast Cancer early is the best way to defeat it. In addition to monthly self-examination, mammograms help find breast cancer at an early stage. They can detect changes in the breast that one may not even feel when palpating them.

The American Cancer Society recommends mammograms for all women who are at high risk for breast cancer (see last week's bulletin for risk factors). Women, high risk or not, should start getting annual mammograms beginning at age 45. If a woman is at low risk, with consistently negative results, they can go annually every year after age 55.

(Side note—Men can also be at risk for breast cancer. In 2021, about 2,650 men are expected to be diagnosed with the disease. Statistic taken from Breastcancer.org) For uninsured and underinsured, NYS Cancer Services Program may be able to help; it offers free breast cancer screening and diagnostic services for uninsured, eligible New Yorkers. More information is available on the website. [The New York State Cancer Services Program](#) (CSP), a statewide initiative that provides free breast, cervical, and colon cancer screenings and education to eligible, uninsured & underinsured men and women.

ST BENEDICT SCHOOL

In celebration of our 100th year, we have worked closely with Mrs. Nunziato, a graphic designer and one of our parents, in redesigning our logo. Over the next year, you will see various logos representing our 100th celebration as we transition next year to our final rendition. This custom-designed visual identity will be used moving forward. It will represent our school across all print media, school uniforms, signage, and digital platforms. It has been created to clarify, unify, and strengthen the positive recognition of our unique school to our parish family and beyond. We are excited to share with you the background information and meaning behind our new logo so you can be as excited about it as we are.

Our New Saint Benedict School Logo - Understanding What we Stand For!

SAINT BENEDICT

School Est. 1921

First, the outer crest shape echoes the beautiful doors of our building. They are a symbol to the community of welcome, as well as protection and shelter for the children who learn safely within them. The diagonal stripes represent that our doors are open to opportunity, to the promise of the future, and to a desire for our faith to be stretched and strengthened. Traditionally, a diagonal stripe on a crest symbolizes resolve and faithfulness.

Next, the inner cross and sunburst are a visualization of the saying from our patron Saint Benedict's well-known medal "Crux Sacra Sit Mihi Lux" or "The Holy Cross Be My Light". In all things, we ask the Holy Spirit to enlighten and encourage us to be more like Christ.

Last, our new logo holds fast to our parish colors of yellow, green, and white. These traditionally stand for generosity, the elevation of the mind, peace, sincerity, hope, and growth.

Together these elements present a fresh, clean visual symbol that speaks to our legacy while representing us with clarity across all the applications necessary in today's world.
