Saint Germaine was born in Pibrac, France in 1579 to poor parents. Her story is a heart wrenching one. She was born with a deformed right arm and hand, and her mother died when she was an infant. Her father remarried, but her stepmother brutally abused and neglected her.

As a child Germaine suffered from scrofula, a disfiguring form of tuberculosis which causes swelling and lesions on the side of the neck. Already sick, abused, and starving, she was forced to sleep in barn with sheep she tended.

Despite everything, Germaine lived each day tending her flock with joy and in prayer. Mary and Jesus became her friends. She shared what little she had and taught the children of the village about God's love. A rosary made of string knots was her constant companion. She attended Mass every day, leaving her sheep in care of guardian angels. Her flock was never attacked by wolves and never wandered. Some claimed to see the waters of the flooded river part so she could get to Mass.

She is often portrayed with an apron full of flowers because one winter day her stepmother accused her of stealing bread from the house and hiding it her apron. But when she was seized and forced to open the apron an abundance of spring flowers tumbled forth. It was this incident that compelled the villagers and even her parents to recognize her holiness.

Germaine died at 22, her poor body was found by her father, in the barn where she slept. She was buried in the village church. More than forty years later, her body was accidentally exhumed and found to be incorrupt. She was canonized by Pope Pius IX in 1867 and inscribed into the canon of virgins.

For the month of June, in honor of the Sacred Heart of Jesus, let this be our daily prayer as a community.

O Jesus, through the Immaculate Heart of Mary, I offer you all my prayers, works, joys, and sufferings of this day, for all the intentions of your Sacred Heart, in union with the Holy Sacrifice of the Mass throughout the world, in reparation for my sins, for the intentions of all my relatives and friends, and in particular for the intentions of the Holy Father. Amen.

UP TO THE JOB

Have you ever had a job for which you didn't feel qualified? I think we all have, whether it was a paying gig or not. A lot of us parents often feel in awe of the magnitude of that role and lose sleep worrying that we made the wrong decision in one situation or a bad call in another. Some of us feel intimidated by what our communities need from us, on the parish level or in our personal relationships. Or maybe we are simply dreading a task that seems too big, too overwhelming — that necessary basement cleanout, or the weekly organization of family schedules.

When we don't feel qualified, we don't want to do the work. We get stuck in our own fear. That's the birthplace of procrastination, self-doubt and bitterness. When we look inward at our own abilities, we can only see all the traits

that aren't there. The intelligence, the dexterity, the ambition — whatever it is we lack, we get stuck on it.

I've got good news and bad news. I'll start with the bad news: none of us are qualified for the call of discipleship. We simply aren't. We don't have the love or grace or strength to get the job done.

Now I'll give you the good news: God knows this, and He doesn't care. Stewardship does not insist that we possess every good quality — no, as a way of life, stewardship recognizes that we lack so many qualities. But it shows us where to find the love and grace and strength we need. Stewardship does not demand that we know every answer; it merely reminds us who to ask when we don't.

—Tracy Earl Welliver, MTS

Why is the Church against stem cell research, especially if it offers the possibility of cures for diseases like Alzheimer's and Parkinson's?

Like so many issues, the truth about stem cell research is more complicated than a few sound bites and vague promises of cures. For the Church, the problem is with embryonic stem cell research, not the research itself. The destruction of human life, even for a seemingly noble cause, is never acceptable. The ends cannot justify the means. Stem cells can be obtained in other ways, including from the placenta as well as from adults. So research is possible without the destruction of other life.

On the other hand, stem cell research shows much promise, but no concrete results. Some scientists also dispute what diseases might be cured by new discoveries. The research is still in its early stages. The question for our country is whether we should invest a lot of money in research now, looking for cures that will probably remain out of reach for most people, or should we invest that

money in other programs with more immediate benefits, especially those that stress prevention and education. It is indeed a complex issue that requires close scrutiny and investigation before we jump to inaccurate conclusions or make decisions based on good, but misinformed, intentions.

QUESTIONS OF THE WEEK

First Reading:

In the Jewish wisdom traditions of Proverbs, we hear how "wisdom" itself is of divine origin from the very beginning of creation and was God's "delight."

What do you find intriguing about this divine relationship?

Second Reading:

Paul speaks of believers having the "peace of God" through Jesus Christ and the "love of God" poured into our hearts through the Holy Spirit.

Where do you experience the peace and love of God in your life?

Gospel:

Jesus speaks of the Spirit giving to believers everything the Father has given to the Son.

How should one react to this abundance of divine blessings?

Glory to the Father and to the Son and to the Holy Spirit. Listen to what Jesus says: "The Spirit of Truth will come to you."

What is the 'truth' of your life? How can you best serve God? If you feel God may be calling you to this ministry, call or email Father Joshua Johnson at (225) 336-8778, jjohnson@diobr.org, or visit www.diobr.org/vocations.

Congratulations!

It is with great excitement that the Eucharistic Revival Committee, on behalf of Bishop Duca, announces that the three-year Eucharistic Revival of our Diocese will begin on June 19, 2022 (The Feast of Corpus Christi).

What is the Eucharistic Revival?

The Bishops of the United States are calling for a three-year grassroots revival of devotion and belief in the Real Presence of Jesus in the Eucharist. They believe that God wants to see a **movement of Catholics across the United States, healed, converted, formed, and unified by an encounter with Jesus in the Eucharist—and sent out on mission “for the life of the world.”**

The first year of this revival focuses intentionally on reviving Eucharistic devotion in diocesan clergy, Catholic Life Center employees, parish staffs, and apostolates/other ministry leaders. A Eucharistic Procession around St. Joseph Cathedral will mark the beginning of this year, followed by Presbyteral Holy Hours, Eucharistic Retreats for Priests and Parish Staffs and more opportunities to learn about and abide with Jesus Christ in the Blessed Sacrament.

The Eucharistic Procession

The Eucharistic Procession has a two-fold purpose. First, it marks the beginning of our diocesan participation in the National Eucharistic Revival. Second, it allows parish delegates to participate in a Eucharistic Procession with a learning mindset so they can assist in planning a smaller Eucharistic Procession at their respective parishes on the Feast of Corpus Christi next year, June 11, 2023.

2022 Eucharistic Procession

Sunday, June 19, 2022, 10:30 A.M.-12:30 P.M.

Location: St. Joseph Cathedral

Bishop Duca will celebrate 10:30 a.m. Mass at St. Joseph Cathedral and then lead a Eucharistic Procession around Cathedral Square.
