## DEACON'S CORNER

I've heard it said that the bulletin is where good ideas go to die. So here is an idea in support of the Mission of the Eucharistic Revival, headed by the United States Conference of Catholic Bishops (USCCB) to restore understanding and devotion to the great mystery of our Faith by helping us renew our worship of Jesus Christ in the Eucharist. This Revival will run through Pentecost of 2025. Go to [www.eucharisticrevival.org](http://www.eucharisticrevival.org) for more information.

We have many groups that meet regularly in our Parish buildings. I know that you pray before and after your meetings. My challenge to you is to take at least your opening prayer to the Adoration Chapel in front of our Lord in the Blessed Sacrament and then return to your regular meeting space. If there are too many of you to fit in the Chapel, then start in the main church sanctuary in front of our Lord in the Tabernacle.

The Diocese is building a website in support of the Eucharistic Revival so look for information on that soon. Meanwhile, if you have other ideas, send them to me via email at [deacondenne@allsaintsknoxville.com](mailto:deacondenne@allsaintsknoxville.com). Our goal is not simply know more about Jesus; our goal is for each of us to have a personal relationship with Jesus as a friend.

The bulletin may be the place where good ideas go to die, but I've also heard it said that one small spark can ignite a raging fire. If just one person or group will take the idea above, it could be the spark that lights the fire of love for Jesus in the Eucharist for the whole parish.

God Bless,  
Deacon Bob Denne

### Creation Care Team

Adapted from "52 Ways to Care for Creation" ([laudatosimovement.org](http://laudatosimovement.org))

This past Sunday, the gospel passage for The Epiphany of the Lord, tells the beautiful story of the Magi who come to pay homage to Jesus. The Magi accomplished their mission with no small amount of commitment and courage, traveling far to an unfamiliar country.

In this time of resolutions, may we also consider committing our lives to a possibly unfamiliar journey- one of amending wasteful practices and acquiring a thirst for knowledge on how best to do this. Some helpful resources are: [laudatosimovement.org](http://laudatosimovement.org), [catholicclimatecovenant.org](http://catholicclimatecovenant.org), and [laudatosiactionplatform.org](http://laudatosiactionplatform.org). Pope Francis says "If the simple fact of being human moves people to care for the environment of which they are a part, Christians realize that their responsibility within creation, and their duty towards nature and the Creator, are an essential part of their faith" [LS 64]. May we always follow the star of God's guidance when caring for His creation!
