Let my children honor my most pure heart in a special manner on the *First Wednesday of the month* by reciting the *Joyful Mysteries of the rosary* in memory of my life with Jesus and Mary and the love I bore them, the sorrow I suffered with them. Let them receive Holy Communion in union with the love with which I received the Savior for the first time and each time I held Him in my arms." ~ St. Joseph

## DEACON'S CORNER

The readings for the First Sunday of Lent give us a lot to reflect on. They focus on the origin and consequences of sin. The reading from Genesis tells the story of Adam and Eve committing the first sin, disobeying God by eating from the Tree of the Knowledge of Good and Evil, at the goading of the serpent. When we think of the first sin, we often regard it a sin of pride, and I'm not discounting that. But I wonder if fear had something to do with it, specifically a lack of trust that God would provide for and protect those He loves? Perhaps this is the basis of Eve's seeing that "the tree was good for food, pleasing to the eyes, and desirable for gaining wisdom." Was God denying them something that was good for them? Was He not giving all that He could give? Why should He withhold from us something so good and desirable? Surely, that can't be fair or just! Surely, God is not the loving Creator we thought He was. If so, why would he not want us to have something so wonderful? This fear of missing out is at least partly the basis for our race's unquenchable thirst for power (fear of lacking control), fame (fear of being irrelevant), lust (fear of being alone) and money (fear of being without). Like Adam and Eve, we do not fully trust that God is a God of His word, so we are tempted away from His loving arms by serpents who cunningly manipulate our fears into disobedience. The origins of our word "obedience" comes from the Latin oboedire, which means "to listen." This fear, this listening to what Satan promised rather than to what God had promised, this lack of trust in the heart of Adam and Eve that led to their disobedience was countered by the full trust and obedience of Christ. Our understanding is not as broad as perhaps it could be regarding the mysteries of God and our salvation. For we think of Jesus' saving act, the act by which He freed us from the chains of sin, as simply His death on the cross. And this is absolutely correct, but only part of the story. For the full sacrifice Jesus offered for the sins of the world included His life lived in perfect obedience to the will of the Father, even unto death. It was that life lived in perfect obedience to the will of the Father that led Jesus inevitably to the cross, because the world that lives in disobedience to God would not tolerate such a life. "Just as through the disobedience of the one man the many were made sinners, so, through the obedience of the one, the many will be made righteous." In the desert, Satan uses the same tactic of manipulating what he hopes are Jesus' fears into disobedience. He offers Jesus food and power and questions the Father's protection. But Jesus will not listen/obey Satan. Rather, His full trust and confidence is in His heavenly Father, whom He obeys even unto death. It was because of this that God highly exalted Him. If we listen/obey Jesus, God will raise us up, as well.

### Urgent Need for Volunteers at St. Mary's Legacy Clinic!

The St. Mary's Legacy Clinic (SMLC) is a mobile medical clinic—a family doctor's office on wheels—that travels to the underserved areas of rural East TN to offer those without insurance holistic, compassionate, primary care services, "extending the healing ministries of Jesus Christ" to those in need. There is no cost for SMLC services, as it is funded solely by donations and grants. The clinic is possible because of the hard dedicated work of a small staff and many wonderful volunteers who work as a team to help patients live their healthiest lives! Currently, there is an urgent need for volunteers with CDL licenses to drive our mobile clinic, as well as many opportunities for Clinical Nurses, Office Administration, and licensed/unlicensed medical professionals. Service locations for volunteers include our office in Knoxville, clinic locations throughout the region, as well as remote flexibility. We invite you to come see the work that we do and help us extend Christ's healing ministry to those most in need. Please visit our website <https://smlcares.com> and contact the Clinic's Volunteer Coordinator, Bri Vinyard at [Bvinyard@smlcares.com](mailto:Bvinyard@smlcares.com) / 865-212-5570.

The Chesterton Academy of St. Margaret Clitherow is a joyful, classical school in the Catholic tradition, opening in the Knoxville area in Fall 2023. The aim is to form a high school to finish our children's education in a classical manner: the cultivation of wisdom and virtue through nourishing the body and soul with the true, good, and beautiful through the seven liberal arts.

Planning is complete for this classically integrated high school model. They are now accepting student applications for all four grades and fundraising to meet the Fall 2023 school opening quota. ## A Lenten Meditation for Our Earth

Adapted from "52 WAYS TO CARE FOR CREATION" from [laudatosimovement.org](http://laudatosimovement.org)

### Reduce Energy Usage for Lent

In his 2011 book, *The Rough Guide to Climate Change*, the meteorologist Robert Henson states that "a warming planet is liable to produce a cascade of repercussions for millions of people who have never started up a car or taken a cross country flight". These brothers and sisters of ours across the globe are indeed dealing with epic droughts and epic flooding caused by climate change. This is a huge issue of social justice for us believers who think nothing of our daily energy consumption, not realizing how outsized we live and the connection to those repercussions. This Lent, let us meditate on the words of Pope Francis that "There is a nobility in the duty to care for creation through little daily actions" and let those words become Lenten actions by "avoiding the use of plastic and paper, reducing water consumption, separating refuse, cooking only what can reasonably be consumed, showing care for other living beings, using public transport or car-pooling, planting trees, turning off unnecessary lights" [LS 211]. All important practices!
