

CITY OF SEVEN HILLS COMMUNITY NEWSLETTER SPRING / SUMMER 2021

A Message from Mayor Tony Biasiotta -

Dear Residents,

Welcome to the Spring edition of our quarterly newsletter. To get things started, I will paraphrase a popular George Orwell quote **“The point is that the pleasures of spring are available to everybody, and cost nothing...”**

After a full year of COVID changes and cancellations, we are getting back into the full swing of things (pun intended). The Seven Hills Baseball Federation is moving forward with the 2021 season. The City will be hosting Opening Day ceremonies at Calvin Park on Saturday June 5th, festivities will kick off at noon.

Our traditional Memorial Day Parade is scheduled for Monday May 31st at 10:30 a.m. Please join us along the parade route from St. Columbkille Church to Seven Hills City Hall, followed by our Memorial Day Ceremony.

Set aside the following dates: Friday August 27th – Sunday August 29th for the 2021 Home Days. We will have a special newsletter detailing all the entertainment and events that we have lined up.

I want you to know that we finished the year with over **\$1.4 million** in surplus general fund revenue! (Expense cuts plus federal and state COVID aid more than completely offset COVID impacts like increased cleaning expenses, the state mandated closure of the recreation center and the cancellation of other fee generating programs).

The 2020 surplus continues a 3-year trend of building our cash reserves and carefully setting aside funds for our upcoming infrastructure projects. For example, we closed 2020 by increasing our Capital Fund from a zero balance to \$902,000.

Our City finances have dramatically improved over the last 3 years. Our General Fund Unexpended (Cash) Balance (see the chart below).

Jan. 31, 2021	Dec. 31, 2017	Inc. / (Dec.)	% Change
\$7,181,040	\$3,152,199	\$4,028,841	127.8%

We have also started 2021 trending in the right direction. Revenue is slightly up while General Fund expenses remain flat.

	Jan. 2021	Jan. 2020	Inc. / (Dec.)	% Change
General Fund Revenue	\$854,168	\$816,048	\$38,121	4.7%
General Fund Expenditures	\$772,643	\$772,585	\$57	0.0%

What does this all mean? Your City leaders have continued to carefully manage your tax dollars over the last few years. We are well-positioned to safely take on necessary large street and sewer projects.

MAYOR'S MESSAGE

Continued from Front Cover ...

However, we are not resting on our accomplishments. We are pressing ever harder on our Partnerships and Progress goals to ensure we bring the best value to our residents.

In fact, the uncertain economic environment has made the **partnerships** even more important. Below are just a few updates to the long list we shared in our winter newsletter:

Resurfacing of Chestnut Road is partly due to our being approved for funds through the County 50/50 program. The City will get the maximum \$250,000 allowed under the program towards this project.

We will be receiving \$75,000 from the State Capital Budget towards new ADA compliant restrooms and a concession stand for Calvin Park. We are not stopping with this great news. We have applied through the county block grant program for an additional \$150,000 towards Calvin Park improvements.

In addition, we have received a \$15,000 grant from Cuyahoga County Department of Disabilities for specialized programming, as well as building updates at our Recreation Center.

Lastly, we utilized approximately \$92,000 of a NOPEC energy grant towards replacing the old ballfield lights at Valleywood Park. The new LED lighting will create a safer playing field with significant maintenance and energy savings going forward. The City's contribution was approximately \$38,000, clearly showing how partnerships can bring great value to the table. The new lighting is expected to be ready for the 2021 baseball season.

Economic development: This spring we will witness two major milestones. First, the groundbreaking of the new regional headquarters of Erie Bank on April 7th at 11:30am. Second, the much-anticipated grand opening Meijer! The first Meijer in all of Cuyahoga County.

This May 4, 2021 is our Primary Election. The City of Seven Hills has one issue on ballot, **Issue 6**. Issue 6 is a renewal (**No Increase in Tax**) of our Fire Levy. The City will be sending out a flyer with specific information related to the levy and our Fire Department in general.

Also, on the ballot is Issue 10, the proposed bond issue and tax levy proposed by the Parma City School district.

Looking ahead to Spring/Summer 2021, you will see robust infrastructure activity, economic development and not only the return, but also the addition of, new community events (as soon as it safe to do so).

Please stay in touch. Much exciting news is on the horizon!

Tony Biasiotta,
Seven Hills Mayor

FIRE DEPARTMENT

IMPORTANT INFORMATION FROM FIRE CHIEF MEKLEMBURG:

Issue 6 – Five-year Fire Levy RENEWAL

In May the residents of Seven Hills will be asked to vote on a 5-year renewal for our Fire Tax Levy. This renewal will cost a \$100,000 homeowner \$176.40 per year in property tax. This is a renewal levy, which means there will be **no increase** in what is currently being paid for fire and EMS services in the City of Seven Hills.

The money produced from this levy helps pay for the salaries of five part-time firefighters 24 hours a day, 7 days a week. It also helps maintain and upgrade equipment that we use to help serve the residents of Seven Hills. Some different services that we provide, such as, child car seat installation, our residential knock-box program, fire prevention, our Adopt A Hydrant program and other public education initiatives would not be possible without this Levy.

With the continuing development of the City of Seven Hills we hope to continue providing the level of fire and EMS protection that our residents and business partners have grown to expect.

Congratulations Lieutenant Watson!

On February 23rd, after months of testing and assessments, a small ceremony was held at city hall where Mayor Biasiotta swore-in Ryan Watson as the newest Lieutenant of the Seven Hills Fire Department. Ryan is a full-time firefighter/paramedic for the City of Lakewood and has worked part-time for Seven Hills for six years. We look forward to Ryan's help in leading our department into the future. Congratulations Lieutenant!"

HOW TO AVOID TELEPHONE SCAMS

Your personal information is important! Guard your social security number, your bank account and credit card number, and your driver's license or state identification number. Some criminals trick you on telephone calls to get your personal information. The criminals can then take your information and use your credit cards and bank accounts or open new ones. A real bank or credit card company will never call you and ask for your social security or bank account numbers.

HOW TO AVOID TELEPHONE FRAUD

1. Donate only to recognized charities. Ask the caller to send more information.
2. Reject high pressure sales methods. Ask the caller to send more information.
3. Do not do business with anyone who offers to send a delivery service to collect your donation or payment for something you have not yet ordered or received.
4. Be careful making a donation or buying a service in exchange for the promise of a guaranteed sweepstakes winning.

Be careful of phone calls or emails saying that a friend or relative is in a faraway place and needs money to help him. This is a scam. Check with the friend or relative first before sending money.

HOW TO AVOID PRIZE AND SWEEPSTAKES FRAUD

1. If something sound too good to be true, it probably is!
2. Do not pay to collect sweepstakes winnings.
3. Phone numbers can be changed on caller ID so that con artists can trick you about who or where they are.

**Ignore all phone solicitations to play a foreign lottery.
Such sales and purchases are against the law.**

SOLICITORS

The Seven Hills Police Department would like to remind residents that if you are on the do not knock list and unwanted solicitors are still knocking on your door that you should notify the Police Department immediately.

Although many solicitors register with the City, there are several that do not. We want to hear from our residents when anyone approaches their homes without a solicitor's permit.

ALWAYS, ask to see a solicitor's permit or proper identification. If they refuse or do not show you adequate identification, contact the Seven Hills Police Department at 216-524-3911 with a description and an officer will respond.

Here is a listing of some long-standing public improvement projects, upcoming projects, and some important information:

Hemlock Creek Watershed Utility Improvement Project For property owners who have **not** yet connected their homes to the new sanitary sewer, the Cuyahoga County Board of Health will be mailing you a second notice letter containing specific information and requirements sometime in the near future. As a reminder, the information packet (“SANITARY SEWER - SERVICE LINE INSTALLATION INFORMATION”) provided at the February 29, 2020 meeting is available online at <http://www.sevenhillsohio.org/en-US/Hemlock-Creek.aspx>. Since this packet provides permit requirements and details, you are encouraged to let your Contractor know that the information packets are available online. At this time, your City-registered Contractor can apply for the required City Building Permit. Please note, final assessment costs are currently being calculated and finalized. Final assessment costs will be available in the near future.

Broadview Road Traffic Signal (for new Meijer Project) This project is nearing completion and the new traffic signal will be installed in the next few weeks. For a 3-week period **before** the traffic light is fully functioning and is operational, the travelling public will be made aware via required road signage, along Broadview Road both Northbound and Southbound, that a new traffic signal will soon be in operation. Final Completion for construction is anticipated in March 2021.

2020/2021 Sewer Rehabilitation – Bayberry Area The Engineering Department has solicited for public bids for this Project. Hello Ward 3 Families:

This is the time of the year that takes me back to my childhood hearing one of my father's favorite saying, "I can hear the crocuses churning underground just pushing to break through the frozen surface." My hope is the crocuses are blooming and the daffodils are just starting to come up around your neighborhood.

As the weather breaks, it is such a nice feeling to get out and about catching up with our neighbors. The hope for 2021 is to once again be able to visit with each other at our summer civic events. The city is tentatively planning for the Memorial Day activities, followed by our long-standing Home Days tradition happening later this summer.

I am pleased to see progress with the Water Management Task Force Capital Improvements. These are required improvements due to decades of wear and tear. The City had made improvements to the system in 2020 with much more to come over the next year or so. However, I'm pleased that Ward 3 is receiving much attention in the first round of upgrades, such as the 4 additional basins added to Donna Rae last year.

Ward 3's Cheryl Ann Culvert, which is seriously deteriorating, will be replaced later this spring. The Cresthill Drive area will be investigated further, using a flow monitoring system, which will provide data on how to improve drainage issues for the Hemlock Creek Basin, that includes the streets of Hickory and Cricket.

On the fringe of the Ward, the Calvin Park retention basin will be dredged. Additionally, in partnership with the Sewer District, work continues to restore the floodplain of Hemlock Creek.

There are more capital improvement and economic development projects occurring in the City now than at any other time in my years of public service. Exciting times.

Have a great Spring. Stay healthy and take care of each other.

WARD 4 UPDATE

Councilman Richard Dell'Aquila

This has been a momentous time in the history of Seven Hills. While we have all struggled with the effects and consequences of COVID-19, Seven Hills residents have nonetheless again demonstrated our resilience and ability to overcome adversity. Not only have you surmounted these challenges, but we have excelled in advancing the interests of our city.

Our General Fund balance is increasing again. New investments and projects are here or on the horizon, and the welfare of our residents has been improved as a result. A new road program is under consideration as well, with more to come on these and other developments in the weeks and months ahead.

The new Meijer center will be open soon, Erie Bank is moving its regional headquarters here, and new upgrades to our parks, playgrounds, and athletic fields are coming, together with new amenities such as the gazebo at Hillside and Broadview Roads—all thanks to your support, the contributions of Meijer and other Seven Hills businesses, as well as the proactive efforts of the Biasiotta Administration. After years of coping with the well-publicized controversies of the past, your city hall is now progressing smartly as we approach the first quarter mark of the 21st century. Once the COVID virus has been defeated, Seven Hills is positioned to flourish as never before.

When we are gone, we leave nothing behind but what we have done for our neighbors and the love of our families. I am grateful to have been a small part of all this, and for the trust you have placed in me as your council representative. Working for my home town has been one of the proudest facets of my life.

Ward 4 is experiencing some other developments and issues which have lead to a number of resident questions. I am looking into these matters with the Administration and hope to report back once more information becomes available.

The first matter is whether the city should pursue street lighting for its major roads, including those in Ward 4. The Administration has contacted First Energy for information on this. Most of those major roads are either state highways or county roads, so there are some overlapping jurisdictional considerations.

Council Quarterly Section

Secondly, Ward 4 residents likely received a letter from the county recently, regarding a change in our polling location. This correlates with a proposed expansion of the church near Evelyn and Elmhurst. I and Council President Kelly opposed a variance for this expansion, and several residents have raised questions as to whether the neighborhood can sustain the increased traffic load. In the coming months, I will ask that the City Planning Commission pay particular attention to these concerns to help protect the residential character of this neighborhood.

The third matter is the county's proposed bike-hike trail on land along the high tension lines paralleling Magnolia, to be built under the direction of the West Creek Conservancy. This long-standing project is moving forward after the final parcels of land were acquired by the Conservancy to connect this path through Independence to the National Park canal path. Residents are rightly concerned with the possibility of reduced privacy and security in their back yards. The Administration has raised these questions with the West Creek Conservancy and county.

Fourth, is the-city-wide question whether raising chickens should be permitted in the city and under what conditions. A proposed ordinance has been moved out of committee and to the full council for consideration. Those who have an opinion either way on the subject should contact their representatives as the issue is debated.

I have discontinued using my old Cell phone number, since it was little used. My office number is 216-447-8500. My cell phone number is 216-548-2890. And the most efficient way to reach me is by email at rdellaquila@sevenhillsohio.org.

Thank you again Ward 4!

Councilman Richard Dell'Aquila

The UH Comprehensive Pain Center builds on existing treatments for management of chronic pain (such as injections, spinal cord stimulators, and infusion therapy) with the addition of the UH Connor Integrative Health Network, offering chiropractic care, lifestyle and integrative health medical consults, massage therapy and guided meditation to complement its integrated approach to pain management. Additionally, the multi-disciplinary Center also offers physical and occupational therapy, behavioral health and addiction services.

“Our dedicated team of physicians and clinicians are already experienced in helping patients struggling with pain,” says Brian Monter, Chief Operating Officer of UH’s West Market, which includes UH Parma Medical Center. “To enhance our care offerings, we recently recruited new physicians with decades of experience in treating patients with pain. I am confident that their expertise, combined with the multi-disciplinary slate of clinical practitioners available through the Center, will provide our community with an unmatched program that’s desperately needed.”

This Center will enhance access to comprehensive care for chronic pain so that multiple avenues can easily be explored, with the goals of

reducing pain, improving functioning, and decreasing reliance on opioid medications. UH Parma Medical Center also served as one of the first launch sites for Thrive ED, a peer support program linking ED patients to substance abuse treatments.

“Opioids still serve as a necessary pain management option in some cases, but we need to ensure other options are explored which is why we are addressing the crisis holistically and creating this compassionate care model,” says Jeanne Lackamp, MD, Director of the UH Pain Management Institute and Vice Chair, Department of Psychiatry, UH Cleveland Medical Center. “Creating our first Comprehensive Pain Center at UH Parma gives us the chance to demonstrate innovation in partnership with an existing group of renowned providers.” Kutaiba Tabbaa, MD, Medical Director of the Comprehensive Pain Center at UH Parma, notes that the interdisciplinary program blends the latest technologies and therapies and thoughtful medical management and behavioral health to help chronic pain patients.

“Pain management is not only a pill, an injection, surgery, therapy or an implant,” says Dr. Tabbaa. “Pain management is an art tailored to each individual by their trusted pain specialist to preserve, regain and improve quality of life, accompanied by total patient involvement and empowerment.”

While services will primarily be provided at UH Parma Medical Center, some services will be offered at the North Royalton Family YMCA as well as virtually. Appointments can be made by calling the [UH Comprehensive Pain Center](#) at (440) 743-4333.

TUESDAY, MAY 4TH (ELECTION DAY)

Hi there! My name is Rachel Kucharczyk! I grew up in Seven Hills and am currently residing in Parma. I am a full-time student at Cleveland State University, enrolled in graduate school to earn my doctorate degree in occupational therapy. Although art is not my main profession, I have had a passion for it my entire life! I created my own small business, RK Customs, in hopes to share my creations with those who are interested. I make just about anything including home portraits, wedding/home decor, custom shoe designs, and now – mural work!

I was hired last year as a Resident Artist for the City of Seven Hills. I am super excited to add more art throughout the City, as we have numerous projects on our vision board for the upcoming years (stay tuned)! As you can see in the pictures above, I am currently working on a free-handed mural located along the track in our Community Recreation Center. Feel free to take a walk to check out the progression of the mural and if I am there, do not hesitate to say hello! I appreciate all feedback and would be happy to chat.

If anyone is interested in learning more about or purchasing a custom item from my small business please e-mail me at rk.customs.art@gmail.com. I would be happy to bring your imagination to life!
