Third Sunday of Easter

Theme: What the Lord Jesus Means to Christians

How do we remember a beloved person, father or mother, who passed away? We console one another with our common faith that he/she is happy with God. As time heals the wound caused by death, the memory of this person lives on in our minds. We remember sayings: “Father used to say . . .” Anecdotes that reflect him/her as a lovable person are told time and again: “Mother used to . . .,” followed by a little flash which shows how concerned she could be. Something like this took place after the death of Jesus.

First, there was utter dismay and sadness. But then the disciples experienced the Master as alive. They told others about it. And long after the Lord’s last apparition, they shared experiences with others, telling what He had meant to them. These narratives, related time and again in the congregation, reflect the personality of Jesus Christ, His forgiveness, His power, His care, His mercy. Only the most characteristic ones were used by the writers of the New Testament to teach us who the Lord Jesus is and what he means to Christians.

We have some examples in today’s Scripture readings. May these traditions help to make us more aware of the significance of the risen Lord in our lives.

MARK YOUR CALENDAR. On Wednesday May 22nd at 7 pm we will host an Information Night for anyone interested in finding out about the Catholic Faith the Rite of Christian Initiation for Adults (RCIA) process. Please consider participating in this fundraising effort. You will help Care Net to not only save the lives of the unborn but also to change the lives of the men and women who come seeking support.

COME BACK TO GOD, WHO IS LOVE AND MERCY. Life is a gift from God, and so is His mercy. Many Catholics want to help women and men who have experienced abortion, but some don’t know how to begin. The Diocese of Covington, in accordance with the United States Conference of Catholic Bishop’s, offer the Project Rachel Ministry, a confidential, compassionate journey to healing.
