## CHRIST IS RISEN! HAPPY EASTER!

The forty long days of Lent are finally over, and we can sing Alleluia again. The fast is over, and we can sink our teeth into a chocolate bunny. Actually, in a day or two the stores will stop selling “Easter” candy and decorations even though the Easter Season is only just beginning. Lent may be forty days, but Easter lasts for fifty! The joy of the resurrection cannot be contained.

No matter what Lents we may be going through in our lives, we know that Good Friday gives way to Easter Sunday. We know that death does not have the last word, that this too shall pass.

I pray that each and every one of you and your families have a happy and holy Easter season! And a special Happy Easter to those who were baptized and received into the Church. It will be an Easter you will hopefully never forget.

Now that I've survived Holy Week, I will be taking a little time off from the Parish. I will be away on vacation until May 2 nd . Other priests will be covering the Masses. Next weekend, we will have our biannual mission appeal. Fr. Eugen Nkardzedze from Cameroon will be here. I know that you will show him some wonderful Cajun hospitality.

“What’s the difference between Jesus and pizza?”

FUN FACT!

God is the most perfect being. All things come from Him who is and always will be. And yet, God loves us poor sinners, and desires us to become perfect like Him and to be with Him in heaven forever. Isn’t God wonderful?

**Special 2nd Collection—April 27th**

Next weekend we will have Fr. Eugene Nkardzedze at all masses for a mission appeal for the Catholic University in Cameroon. For that weekend we ask that you put your 2 parish envelopes (marked for weekend of April 27th) in the first collection.

The 2nd collection next weekend will be for the appeal. Thank you! See the flyer in the bulletin this weekend for much more information on the mission and the good work it is doing in its efforts to supply solar power to the University. May we give graciously from the blessings God has given us.

**Easter Question:** Why does the date of Easter change every year, while most other celebrations are celebrated on the same day? **Answer:** Every feast is celebrated at a certain time for a reason. Saints feast days are commonly the day of their death. While we don't know Jesus' exact birthday, we celebrate the "light of the world" around the time of winter solstice, as dark, wintery days begin to lengthen again. We have a historical clue, however, to when the Easter events occurred. We know that Jesus was crucified the day before Passover. The Jews calculated the date for Passover based on both the solar and lunar calendars. It corresponds to the first full moon after the spring equinox. The early Christians maintained this connection in their celebrations of Easter on the first Sunday after the paschal full moon. We don't re-calculate the full moon every year. As astronomy developed, so too did the forecasts of when Easter would occur in future years. The Church has created a table of calculated dates, projecting the date of Easter decades in advance. The date of Easter also determines the date of Ash Wednesday and the season of Lent, as well as the feast days following in the Easter season, including Pentecost. So these feasts move, too! This tradition may seem complicated, but it connects our Christian faith now to what has come before — our Jewish roots and the real, historical reality of Christ's suffering, death, and resurrection. ©LPI
