Greetings!

My name is Fr. Jacob Livecchi. I am thrilled to be assigned at St. Michael Parish and I look forward to getting to know each of you. Please be patient as I attempt to learn names and faces. To help you know me a little better, I want to share a little about myself.

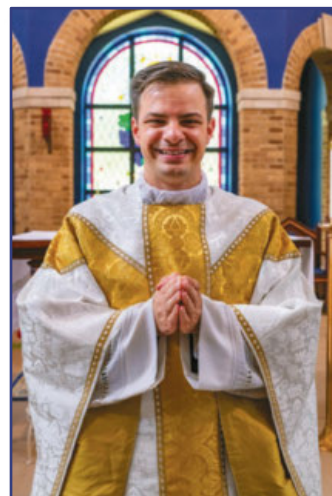

I was born in Toledo and grew up on the eastside. My home parish is St. Ignatius in Oregon, OH. I am from a big family, I am the fifth of ten kids, (six boys and four girls). As is the case in many big families, I was homeschooled. My mother homeschooled me and my siblings all the way through high school. The name we chose for our homeschool was St. Michael, so I see it as God's providence and St. Michael's protection to be a part of St. Michael Parish and School.

After high school, I went to the University of Toledo to study visual arts. During this time, I began to discern my vocation more intensely. It was through prayer and the encouragement of family and friends that I then entered seminary. (On a side note, I want to express the importance of encouraging and supporting young men and women to not be afraid to respond to God's invitation). I then entered college seminary at the Pontifical College Josephinum in Columbus studying philosophy. The diocese asked that I finish my Bachelor of Philosophy at Sacred Heart Major Seminary in Detroit.

After graduating with my philosophy degree in 2019, I began my theological studies at the Pontifical North American College in Rome. After 4 years in Rome, I was ordained a priest on June 22, 2024, and then returned to Rome for one more year to finish my Licentiate in Sacred Theology in Dogmatics at the Pontifical Gregorian University.

I love spending time with my family, reading, golfing (although I am no good), going to art museums, watching Ohio State football, and the Detroit Tigers. I look forward to getting to know you all better. Please do not hesitate to introduce yourself! I would love the opportunity to visit and share a meal with you (I am not a picky eater and will try anything). For me, it's a great way to know you better. Please pray for me as I begin and know of my daily prayers for you.

~ Rev. Jacob Livecchi

STEWARDSHIP

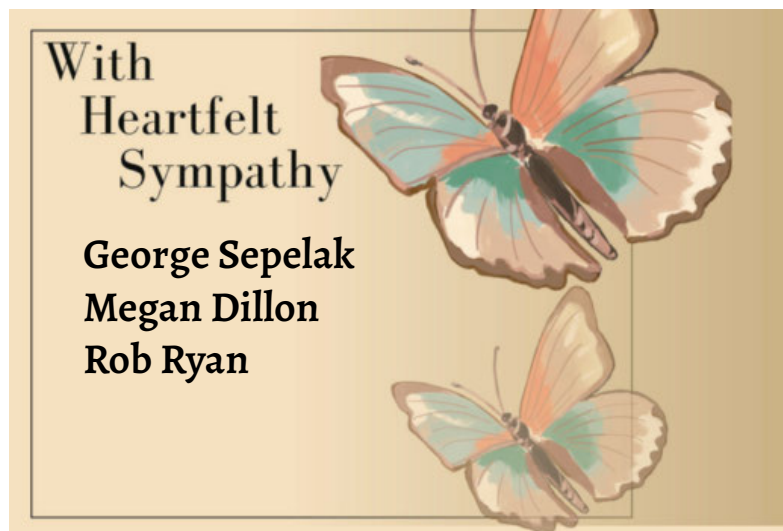

Will You Consider Giving to the Parish?

BEHIND THE SCENES AT OUR PARISH

Most people have heard the phrase, “Stop and smell the roses.” It’s a good reminder to slow down and enjoy the little things. How often do we take the time to do that in our busy lives? The Downtown Chapel landscaping crew can provide that opportunity if you are willing to set aside a little time each week to help maintain these beautiful gardens.

Fellow parishioners, Danie and Edie began helping Dave Gasior several years ago to maintain the landscaping at the Downtown Chapel. Under his direction, the gardens have grown to what they are today. Currently, Danie and Edie do all the planting, weeding, trimming and watering at the Downtown Chapel!

Early spring through fall is a busy time in the gardens requiring about one to two hours a week. “Many hands make light work.” Would you consider lending a hand in service to help in the beautification of the property God has blessed our parish with?

If you would like to get involved or need more information, scan the QR Code below or contact the parish office.

COUPLES CORNER

When the familiar Gospel of Mary and Martha reaches our ears, we know how the story goes. Martha is worried and trying to prepare things. Mary is carefree and sitting at the foot of Jesus. A reflection on this reading can remind us how important rest is for ourselves and those around us.

While Jesus dwells with Martha, she is feeling overwhelmed, burdened and anxious. Mary feels calm, peaceful and content. There may be work to be done, but nothing else seems to be taking her attention away from Jesus.

As Jesus dwells within us each Sunday in the Eucharist, we must remind ourselves to truly rest. Take time to enjoy recreation and let ourselves see Him in everything around us. Servile work can wait and will undoubtedly be there the next day.

10 NATURAL FAMILY PLANNING WEEK

*Pursue a lasting love ...
Create hope for the future!*

*Natural Family Planning...supporting God's
gifts of love and life in marriage*

What Does it Mean to Pursue a Lasting Love?

As men and women caught in the responsibilities of daily life, it's easy to lose sight of the fact that we are destined for eternity. The thought that God's love *endures forever* is something difficult for our time-bound selves to comprehend. It's a lofty claim that can be easy to leave on the shelf as an "ideal"—rather than a truth we intentionally integrate into our marriage, here and now.

Because of the consequences of original sin, we do not come into this world knowing how to love as God loves. Instead, we receive and experience God's love for us throughout our lives, even as we learn to model that love in how we treat others. As Pope Francis says:

When a person discovers God, the true treasure, he abandons a selfish lifestyle and seeks to share with others the charity which comes from God. He who becomes a friend of God, loves his brothers and sisters, commits himself to safeguarding their life and their health....
(Pope Francis, Homily, 2014)*

Learning from the Trinity

A key way we can learn more about God's love is by examining the Trinitarian relationship between God the Father, the Son, and the Holy Spirit. The Trinity is three distinct persons united in one Godhead. The inner life of the Trinity is interpersonal, self-giving, and communicative.

As Christians, we are challenged to have faith that is "the confidence of what we hope for and the assurance of what we do not see" (Heb. 11:1). The first step in pursuing a lasting love, with the Trinity as our example,

is the belief that a lasting love is possible—that we truly can and do daily participate in a divine reality that is beyond what can be seen on the surface.

Love is Free, Total, faithful, and Fruitful!

Church teaching maintains that married love must be free, total, faithful, and fruitful. This is exactly how the Trinity loves!

In the Trinity, love is freely given between the three persons. The persons of the Trinity willingly place themselves at the service of their communion. There is no coercion or ulterior motive.

The total gift of each person to the other allows for the one-ness of the Trinitarian relationship.

Secondly, the persons of the Trinity give themselves totally to one another. Though each person of the Trinity retains their unique personhood, they hold nothing back from the participation in Trinitarian love. The total gift of each person to the other allows for the one-ness of the Trinitarian relationship.

Third, Trinitarian love is faithful. The steadfastness of the Trinity is an indispensable part of a love which endures for all eternity. And finally, love is fruitful. The love of the Trinity is life-giving. All of creation, all of mankind, all goodness, all beauty results and flows from the love of the Trinitarian relationship.

The Human Person as Gift

It is only from the foundational understanding of love that we can come to know what a person is. The human person is made by love and for love. St. John Paul II phrases it beautifully in what is known as his personalistic norm. He states that human beings are subjects and not objects. Objects are meant to be used. Subjects are meant to be received as a gift. When we see our spouse and our children as gifts, the way that we relate to them shows just how much we value them.

Our families are especially called to be an icon of Trinity—where our hearts are stretched by loving one another and we are prepared to participate in eternal love. Then, spouses are called in a unique and intimate way to enter into a lasting love through the reception of one another as a gift in the sexual embrace. Spouses are called to open their hearts to God in marital intimacy such that each marital act be oriented towards the openness to life and the good of one another.

Natural Family Planning, an Expression of Love

With this end in mind, it is also important to note that there are times when, for serious reasons, it may not be prudent for a couple to have a child. In keeping with the vision of a lasting love that is free, total, faithful, and fruitful, the Church proposes Natural Family Planning (NFP) as a practical and morally permissible method for married couples to avoid or achieve pregnancy.

According to the United States Conference of Catholic Bishops, practicing NFP allows spouses to be responsible parents and at the same time “respect God’s design for life and love.” NFP is based on the natural times of fertility and infertility experienced throughout the course of a woman’s menstrual cycle. In seasons where it may be imprudent for a couple to have a child due to psychological, financial, physical, or other serious reasons, the couple abstains from intercourse during the woman’s fertile time. At the same time, NFP can also be used to achieve pregnancy.

NFP is not contraception because it does nothing to alter or block the body’s natural rhythms of fertility. Instead, NFP relies on scientifically proven methods of tracking a woman’s menstrual cycle so that a couple can make an informed decision guided by faith and reason.

NFP depends on the couples’ free choice to abstain or engage in intercourse based on the good of the spouses and the good of the family as a whole.

When spouses engage their free will to communicate in this way, they are choosing to see each other and future children as gifts and saying yes to a love that is free, total, faithful, and fruitful—answering the call to be an image of lasting Trinitarian love.
