IMPORTANT UPDATE FROM THE CDC & VIRGINIA DEPARTMENT OF HEALTH

The CDC and the Virginia Department of Health (VDH) have revised guidance involving the wearing of masks in certain “public indoor settings”. Within the diocese, public indoor settings include public Masses. Unvaccinated or not fully vaccinated individuals should wear a mask when in the church building. Since Chesterfield County is one of the areas of substantial or high transmission, we recommend all to wear a mask so that we can keep each other safe.

Synod on Synodality

The Holy Father has convoked a **Synod on Synodality**, running from October 2021 to October 2023. A synod is a meeting or assembly of church leaders and synodality refers to the way this assembly will make decisions: by listening to a broad range of people and then discussing the issues together with the goal of hearing where the Holy Spirit is calling the church. The theme is *For Synodal Church: Communion, Participation, and Mission*. We will pray this prayer this weekend as we begin the pre-Synodal Phase in the Church that the People of God would be inclined to the movement of the Holy Spirit for the purpose of binding us together in communion for the sake of the proclamation of the Gospel to the whole world.

SUNDAY, OCTOBER 17, 2021 | 29TH SUNDAY IN ORDINARY TIME

SAINT OF THE WEEK

St. John Paul II was born Karol Wojtyła in the small Polish town of Wadowice. During World War II, when the Nazis invaded Poland, Karol secretly studied for the priesthood in an underground seminary. He was ordained to the priesthood in 1946, appointed Archbishop of Krakow in 1964, and three years later he was made a cardinal. In 1978, he was elected the 264th pope, where he took the name John Paul II.

St. John Paul II made evangelization a key part of his papacy and made pastoral visits to all parts of the world. In 1981, he was shot twice in an assassination attempt. Following Jesus' example of compassion, he later met with his would-be assassin in his prison cell, where he forgave him for what he had done.

St. John Paul II was well-known to be an active sportsman throughout his life, hiking and skiing well into his 60s. In 1992, his health began to decline, and it was later discovered that he suffered from Parkinson's disease, a degenerative disorder of the central nervous system.

Near the end of his papacy, it became difficult for him to speak, and his poor health and physical suffering made public appearances difficult. Still, he continued his pastoral work. He died April 2, 2005, and he was declared blessed on May 1, 2011. He became a saint on April 27, 2014.
