ARCHDIOCESE OF CINCINNATI

Office of the Archbishop

archbishop@catholicaoc.org

June 24, 2022

Dear brothers and sisters in Christ,

Today's Supreme Court decision in *Dobbs v. Jackson Women's Health Organization*, which reverses the *Roe v. Wade* decision of 1973, is a welcome and potential watershed moment in the history of the United States. This decision means that states, including Ohio, now have the option to legally protect the most vulnerable of all human beings: babies in the womb.

The constant teaching of the Catholic Church is that human life begins at conception. God alone is the Author and Lord of life. Therefore, the intentional taking of innocent human life is intrinsically evil and must always be opposed. Modern science only strengthens the Church's opposition to abortion, as advancements in genetics and prenatal imaging increasingly demonstrate that a unique human life begins at conception.

For the past 50 years, Catholics and other people of good will have peacefully prayed in front of abortion clinics, marched in Washington, D.C. and petitioned their lawmakers, hoping that the blessed day would come when communities would no longer be required by law to sanction the killing of innocent human beings in the womb. Equally important, we have assisted women in unexpected or crisis pregnancies with material resources and personal accompaniment, both during pregnancy and after their child is born. Expectant mothers can face many challenges, including lack of support from the father, financial strains, concerns about her own health and that of her child, and pressures from family and friends. Thank you to the pregnancy centers, Catholic Charities, St. Vincent de Paul conferences, Catholic healthcare systems and other wonderful pro-life ministries that have steadfastly walked with women in need, helping them navigate these difficult circumstances.

For a listing of the many resources available for women in unexpected or crisis pregnancies in the Archdiocese of Cincinnati, please go to <https://catholicaoc.org/forlife>.

Despite these efforts, more than 65 million innocent children have lost their lives to abortion in the United States since *Roe v. Wade*. This sad fact demonstrates the desperate need for conversion of hearts and minds to a culture of life in our country, one that respects the inherent dignity and sacredness of every human being from conception to natural death.

The reversal of *Roe v. Wade* will not by itself bring about this conversion, but prayer and a joyful outpouring of love and support for pregnant women, especially those most in need, will bring us closer. No woman should feel so alone, coerced or hopeless that she chooses to end her

RADIATE CHRIST

child's life through abortion. I urge everyone in our archdiocese to both pray for and actively assist all expectant mothers. Together, let us redouble our commitment to caring for women, children and families so that abortion is not only illegal, but unthinkable.

O Blessed Mother, you received the good news of the incarnation of Christ, your Son, with faith and trust. Grant your protection to all pregnant mothers facing difficulties.

Guide us as we strive to make our parish communities places of welcome and assistance for mothers in need. Help us become instruments of God's love and compassion.

Mary, Mother of the Church, graciously help us to build a culture of life and a civilization of love, together with all people of good will, to the praise and glory of God, the Creator and lover of life. Amen.

Sincerely yours in Christ,

A handwritten signature in black ink, reading "Dennis M. Schnurr". The signature is written in a cursive style with a small cross at the beginning of the first letter.

FEAST DAY OF SAINT HENRY JULY 13

Saint Henry was born in 972 to Henry, Duke of Bavaria, Germany, and his wife Gisela of Burgundy. Saint Henry's early life was permeated with Christianity, among those who guided his education was Bishop Wolfgang of Ratisbon, who became a saint himself. In 995, Saint Henry succeeded his father as Duke of Bavaria, and in 1002, upon the death of his cousin, Otho III, he was elected emperor. In 1014, Saint Henry undertook the long journey from Germany to Rome to be crowned Holy Roman Emperor by Pope Benedict XIII.

In 1022 Saint Henry assisted Pope Benedict VIII in holding the Council of Pavia, which promoted clerical celibacy and sought to end simony (the buying and selling of ecclesiastical goods and offices). During his reign, Saint

Henry used his wealth and position for the Church. He confirmed Benedict's authority over Rome, was a patron of churches and monasteries, supported the Cluniac Reforms, restored episcopal sees, and founded the Diocese of Bamberg where he built a cathedral.

Saint Henry was married to Cunigunde of Luxembourg, to whom he was incredibly devoted. Although disputed by some historians, some stories of the couple's marriage report they took vows of chastity because their union was childless.

Saint Henry died in July of 1024 and was canonized in 1146 by Pope Eugene III.

GOSPEL MEDITATION

JULY 10, 2022

15TH SUNDAY IN ORDINARY TIME

We can learn a great deal from Mister Rogers. Remember him? He was the gentle soul who found his way into living rooms worldwide starting as far back as 1968. Mister Rogers' Neighborhood was a beloved program that celebrated and exalted people, especially children. He taught us that we are neighbors and that everyone has a place. Everyone matters. He had a vision, born of his relationship with God that highlighted every human life's innocence, beauty, and uniqueness. To that end, he called us to be responsible for each other, saying nothing different than what Jesus said. Viewers quickly learned that life is not just about me.

"We live in a world in which we need to share responsibility. It's easy to say, 'It's not my child, not my community, not my world, not my problem.' Then there are those who see the need and respond. I consider those people my heroes (Fred Rogers)." It is so easy to look the other way. After all, I'm not the one who needs to leave home out of fear and try to find somewhere safe. I am not the one who is hungry and without shelter or food. I am not the one who has a child being bullied or ridiculed because of the way they dress or act. I am not the one being threatened with violence or unable to find meaningful work. The distress and agony of our neighbors are our distress and agony. We cannot walk by it with an attitude of indifference, especially if we call ourselves believers. When we no longer care, we have suffocated our souls. This is a great sin.

God's law "is something very near to you, already in your mouths and in your hearts; you have only to carry it out." We all have a need for love and acceptance. That's why Mister Rogers' television show was so popular. It spoke to something deeper, something sacred about humanity. God didn't give us his law in a book. He wrote it on our hearts. We know what we need to do. It's a matter of choice. Love is sacred. When we love another human being, especially without regard for ourselves, it is a holy moment. These moments are often missed due to our self-serving agendas and rules.

WALKING WITH MOMS: HEALTHY MOMS & BABES MENTORING MOTHERS

When Generra England learned she was pregnant, she was just about to begin her senior year of high school. "I had a lot of people in my ear saying, 'You're not going to succeed. You're not going [to] do this, you're not going to [do] that. [You're] going [to] be in the system all your life.'"

But England found a mentor who not only told her she could succeed; they also helped her do it. Healthy Moms & Babes (HMB) helped the teen mom graduate from North College Hill High School, and she earned a scholarship to Wright State University. An outreach ministry, HMB is geared toward African-American women, facilitates access to prenatal care and other services, and educates expectant mothers on parenting and self-sufficiency.

"We do a lot of education with these moms," said Sister Cruise. For a year, a staff member visited England and helped her through challenges.

"She used to come over and help me with my son while I did my schoolwork," said England. "She was a big help. We went over goals. She helped me buy my first car. I was working at Kings Island at the time; she helped me come up with a budget plan."

HMB's other home visit program, Help Me Grow, works with moms to prepare their child for preschool, continuing the home visits for three years. These two programs currently serve about 140 moms and their children.

"They're not coming from situations where things have been good in their lives," said Sister Tricia Cruise, President and CEO of HMB. "So, in many instances, we are starting from scratch; from health care to mental health to parenting."

The Catholic-based organization started 37 years ago when the Sisters of Charity, Sisters of Mercy, Dominican Sisters, and Franciscan Sisters funded an RV to reach expectant moms in at-risk neighborhoods. Many of those sisters were nurses or had healthcare backgrounds. That RV outreach continues today, visiting about two dozen neighborhoods for five days each week, and then health fairs on weekends throughout the summer. While not a clinic, it offers free health services, helping about 1,500 women.

HMB also connects women to other agencies. "We ... partner with the food bank and ... Sweet Cheeks [the diaper bank]," said Sister Cruise. That organization hands out 20,000 diapers each month in Hamilton County.

HMB receives referrals for its programs and women learn of it through word-of-mouth or Facebook. They include the homeless, the battered, and the young. A growing number are Hispanic.

A few years ago, the Sisters of Charity gifted HMB with a 4-family apartment building to help with the significant housing need.

"If I had the money, I would have 10 more of them because the need is huge," said Sister Cruise. "There are a lot of owners who no longer want to take Section 8 housing."

She said HMB receives money from the state, TriHealth helps on many levels, and Mercy Health provides funding. The remaining monies must be raised, so they write a lot of grant requests.

As for England, she transferred to Cincinnati State after a death in her family and studied to become a Community Health Worker. She graduated, received her certificate, and enjoys working with people. Having asked Sister England for a job about six years ago, she's now the one making home visits and mentoring young pregnant girls.

"I love it," she says. "I love helping my clients. I tell them, 'I was once in your shoes, so I can relate to a lot of things. I'm giving back. To see someone grow as I did, your dream can come true. I'm not here to judge.'"
