Memorial Donations

Flowers, although pretty for a short time, are gone far too soon. A memorial donation instead of flowers is a way to remember a friend or a family member who has been a part of the Senior Center. This will benefit the Center for a long time.

We would like to thank the businesses that are helping support our Newsletter by advertising in our booklet please call on these businesses when looking for products and services and mention to them that you saw their advertisement & please thank them for their support!

PLEASE MAKE SURE OUR FILES ARE UP TO DATE! Call the front office at 810.658.1566 and update any contact information that has changed! Cell Numbers, Emergency Contact Information, etc.

Conduct at the Davison-Richfield Area Senior Citizens Activity Center...

We all have different personalities and behaviors. It is what makes us who we are! In a large group of people sometimes our unique qualities will clash with one another. At the Davison-Richfield Area Senior Citizens Activity Center everyone is **expected** to treat each other with **respect**. Keep hurtful opinions to yourself. When confronted with inappropriate behavior please bring it to the attention of the staff to be dealt with. We have a beautiful facility and wonderful people attending. When everyone works together and respects each other we maintain this beautiful quality.

Food 4 Vets—

Connecting Veterans to Food Assistance-The Michigan Veterans Affairs Agency, through its Michigan Veterans Trust Fund, is assisting veterans experiencing food insecurity. If you are a veteran in Michigan and have a food need due to the coronavirus pandemic, job loss or other circumstance beyond your control, you can lean on us at the MVAA. Eligible veterans can receive a \$100 food card or certificate to a participating store. There is a simple application process that includes an affirmed statement of need and proof of military service and separation with anything but a dishonorable discharge. For veterans living in Genesee, Huron, Lapeer, Sanilac, Shiawassee, St. Clair or Tuscola Counties.

Helping those “55 or better” to live safely in the community

Program of All-Inclusive Care for the Elderly (PACE) is designed for those who need extra help to live safely in their home. If someone “55 or better” is struggling physically, with their memory or an unstable health condition, they may be eligible for services through PACE.

PACE model of care is the same, only the faces and stories of those enrolled change. PACE in Michigan is strong with 14 programs. Can you think of a neighbor, church member or loved one who might benefit?

Meet your neighbor, Linda Culp,
PACE participant.

Help us to reach those who need PACE medical and supportive services.

To enroll, someone must be:

- Age 55 or older
- Living in a zip code served by PACE
- Certified as meeting Michigan criteria for nursing home level of care *
- Able to live safely in their home with the support of PACE *

**Determined by the PACE Intake Team.*

Ascension Living PACE Michigan expanded our service area.

We now serve ZIP codes in Genesee, Lapeer, Tuscola,
Shiawassee and Livingston counties.

Call us to learn more and find out if PACE is an option: 810-236-7500

Other than emergency services, all services must be furnished or authorized by Ascension Living PACE Michigan. Participants may be responsible for the costs of unauthorized or out-of-pocket services per PACE program agreement.

Genesee County Health Department Warns of a Phone Scam Impersonating Employees

Genesee County Health Department (GCHD) is alerting the community of a phone scam targeting residents of Genesee County. A Genesee County resident received a phone call from someone impersonating an employee of the Genesee County Health Department regarding a health department funded grant that this resident qualified for. The scammer then went on to ask the resident for their bank information in order to apply for this grant that this resident qualified for. The scammer then went on to ask the resident for their bank information in order to apply for this grant. Luckily, after asking for the scammer's name & badge number, the resident hung up & decided to call the health department to report this call, where we confirmed that they were no an employee & it was a scam. Genesee County residents should be advised that the GCHD would never call & aske for your bank account information.

If you receive a call & are unsure if it is a scam, ask the caller for their name, a return phone number & avoid sharing any personal information over the phone & report suspicious behavior to the authorities. Concerned residents can report scam calls by calling the non-emergency phone number at the local police or Sheriff's Office.

Avoid becoming a victim of phone scams or identity theft by-

- ⇒ Making a list of contact information for family members, close friends, health providers or anyone who may call regularly. This will help you know if the call is legitimate.
- ⇒ Letting a call go to voicemail if you do not recognize a phone number; Scammers rarely leave messages.
- ⇒ Hanging up if a stranger asks for personal or financial information. If you do answer the phone, it's OK to hang up.
- ⇒ Not sharing any personal information such as your social security number to anyone over the telephone.

6 Great Reasons to Spend More Time

With Others—Socialization is vital for physical, mental & emotional health. **Connecting with friends, family & acquaintances...**

Protects the brain—Loneliness is a dangerous state of being. It raises the risk of Alzheimer's disease, stroke & falls.

Provides mental stimulation—Puzzles & education are all good brain exercises, but interacting with other people is even better.

Nurtures a support network—Friends can help us when we need help...and helping our friends promotes self-esteem & a sense of purpose.

Boosts the immune system—People with strong social connections are better able to fight off infections that cause disease.

Encourages healthy behaviors—Close connections make it more likely we'll exercise, eat well & manage our health conditions.
