Deacon Miguel's Reflection

The Solemnity of the Most Holy Body and Blood of Christ

Deacon Miguel Carrion

This Sunday, the Church commemorates the solemnity of the Corpus Christi (Latin, it means the Body of Christ). The body of Christ is the living bread from heaven which he gave to us during the last supper. And so, at the end of a long day of preaching to the crowd Jesus feeds them miraculously and abundantly.

Jesus satisfied the hunger of a needy crowd of people with a small quantity food, five loaves and two fish that miraculously quenched them. Even though Jesus' actions indicate the usual behavior of a host at a meal. The early Christians saw in this act Jesus' supernatural power to provide for human needs, and they saw it as fairly typical of the help he generally provided to people in need, material yes, but even more so spiritual.

The spelling out of these actions could not but remind Christians of the same behavior spelled out at the institution of the Eucharist at the Last Supper. Yet, the blessing here in the gospel of Luke refers to the prayer of thanks for the bread, not a consecration of it.

Either way, every time there is a Eucharistic celebration, the Body of Christ is made accessible and available to us. We celebrate the Eucharist as a community of faith, hope, and love. Corpus Christi is not just a memorial celebration but an experience of God's gift of love to us, and what an awesome gift we have in Jesus. His farewell gift in the Most Holy Body and Blood to the Church is that he will be with us always until the end of time.

Reflexión del Diácono Miguel

La Solemnidad del Santísimo Cuerpo y Sangre de Cristo

Este domingo, la Iglesia conmemora la Solemnidad del Corpus Christi (en latín, significa el Cuerpo de Cristo). El Cuerpo de Cristo es el pan vivo del cielo que nos dio durante la última cena. Así, al final de un largo día de predicación a la multitud, Jesús los alimenta milagrosamente y en abundancia.

Jesús sació el hambre de una multitud necesitada con una pequeña cantidad de comida: cinco panes y dos peces que los saciaron milagrosamente. Si bien las acciones de Jesús indican el comportamiento habitual de un anfitrión en una comida, los primeros cristianos vieron en este acto el poder sobrenatural de Jesús para satisfacer las necesidades humanas, y lo consideraron bastante típico de la ayuda que generalmente brindaba a los necesitados, material sí, pero aún más espiritual.

La descripción de estas acciones no podía sino recordar a los cristianos el mismo comportamiento expresado en la institución de la Eucaristía en la Última Cena. Sin embargo, la bendición aquí en el evangelio de Lucas se refiere a la oración de agradecimiento por el pan, no a su consagración. De cualquier manera, cada vez que hay una celebración Eucarística, el Cuerpo de Cristo se hace accesible y está disponible para nosotros. Celebramos la Eucaristía como una comunidad de fe, esperanza y amor. El Corpus Christi no es solo una celebración conmemorativa, sino una experiencia del don del amor de Dios por nosotros, y del maravilloso don que tenemos en Jesús. Su regalo de despedida en el Santísimo Cuerpo y Sangre a la Iglesia es que estará con nosotros siempre hasta el fin de los tiempos.

Everyday Stewardship: True Love Knows No Bounds

When I was a child, I can remember stopping by my parish or another local Catholic church to just spend some time in prayer before the Holy Eucharist. We didn't have exposition and adoration much in those days, but we were keenly aware of the presence of Jesus in the tabernacle. I would sometimes stare at the lighted candle near it and know that Jesus was alive.

I had never heard someone speak about a stewardship way of life back then. If I am honest, the primary message I heard in those days was along the lines of "We need to be as good as we are able." Sacrifice was only at Lent, disciples were people in the Bible, and generosity mostly had to do with the collection basket and the poor box at the church entrance. I even went to Catholic schools!

Maybe the message of stewardship was there somewhere packaged differently, and I just missed it. It wasn't until I was an adult, and after acquiring two theology degrees, that I understood both with my head and my heart what a stewardship way of life really meant. But I look back at those days, and I realize that the groundwork was laid for me to understand these things. It was those times before the Holy Eucharist that I began to understand true sacrifice. It was at those times that I began to understand how actions and realities that seem so simple to the human eye can be so profound. And it was at those times that I began to see true love knows no bounds.

Saint Aloysius Gonzaga's Story

The Lord can make saints anywhere, even amid the brutality and license of Renaissance life. Florence was the "mother of piety" for Aloysius Gonzaga despite his exposure to a "society of fraud, dagger, poison, and lust." As a son of a princely family, he grew up in royal courts and army camps. His father wanted Aloysius to be a military hero.

At age 7 Aloysius experienced a profound spiritual quickening. His prayers included the Office of Mary, the psalms, and other devotions. At age 9 he came from his hometown of Castiglione to Florence to be educated; by age 11 he was teaching catechism to poor children, fasting three days a week, and practicing great austerities. When he was 13 years old, he traveled with his parents and the Empress of Austria to Spain, and acted as a page in the court of Philip II. The more Aloysius saw of court life, the more disillusioned he became, seeking relief in learning about the lives of saints.

A book about the experience of Jesuit missionaries in India suggested to him the idea of entering the Society of Jesus, and in Spain his decision became final. Now began a four-year contest with his father. Eminent churchmen and laypeople were pressed into service to persuade Aloysius to remain in his "normal" vocation. Finally he prevailed, was allowed to renounce his right to succession, and was received into the Jesuit novitiate.

Like other seminarians, Aloysius was faced with a new kind of penance—that of accepting different ideas about the exact nature of penance. He was obliged to eat more, and to take recreation with the other students. He was forbidden to pray except at stated times. He spent four years in the study of philosophy and had Saint Robert Bellarmine as his spiritual adviser.

In 1591, a plague struck Rome. The Jesuits opened a hospital of their own. The superior general himself and many other Jesuits rendered personal service. Because he nursed patients, washing them and making their beds, Aloysius caught the disease. A fever persisted after his recovery and he was so weak he could scarcely rise from bed. Yet he maintained his great discipline of prayer, knowing that he would die three months later within the octave of Corpus Christi, at the age of 23.

Reflection

As a saint who fasted, scourged himself, sought solitude and prayer, and did not look on the faces of women, Aloysius seems an unlikely patron of youth in a society where asceticism is confined to training camps of football teams and boxers, and sexual permissiveness has little left to permit. Can an overweight and air-conditioned society deprive itself of anything? It will when it discovers a reason, as Aloysius did. The motivation for letting God purify us is the experience of God loving us in prayer.
