Sitting: (L to R) Linda Mostek, Deacon Harry Antrim, Father Russell Wright, Father Paul Nguyen, Deacon Kim Cohen & Lori Ann DellaSala

A Heartfelt Thank You!

The Staff of Saint Patrick Staff, would like you to try and imagine how priceless you are to God who created every amazing detail of who you are in this world and especially to us.

On Sunday, July 11th, you celebrated US, but each day we celebrate YOU by all the ways you make our world a delightfully better place!

Thank you to each of our Parishioners who took to time to come and honor us that evening at the Celery Fields and united us with fun filled stories, laughter, games and music coordinated by chair people (pictured below) Nancy Flanagan, Donna Cohen, Keely Hugey, Ron Curtin, Carol Wojtyna and Teri Liuzzo.

Each of you made it a night that we will not forget!

A Message from the Parish Health Ministry

Do you know that bacteria and carbohydrates create the acids that cause cavities---- so foods like cookies, cake, soft drinks, bread, crackers and cereal all encourage the production of acids?

The longer those foods come in contact with the bacteria in your mouth, the more damage that can occur. Because of this, sticky foods or food that can get trapped between teeth, like raisins, dried fruits, pretzels or potato chips cause more problems than other foods. Some things like aged cheese, chicken, and nuts can actually help buffer the acid, and sugarless gum dislodges the food and increases saliva to help protect your teeth.

So, to protect your teeth during the day, limit you're snacking, chew sugarless gum after you do, and brush your teeth after you eat ---- whenever possible. Your gums will thank you!

BLOOD DRIVE
