### LIVE THE LITURGY - INSPIRATION FOR THE WEEK

God calls us to bring His Word to all corners of the earth. What does that mean for you and me? We are just simple and humble folks trying to find our way through the Gospel and our world. After all, we are not professional preachers but gentle servants. Jesus summons us to take his message on the road and bring it from the pew to the pavement. We cannot keep the joy of the Gospel to ourselves but must bring it into every aspect of our lives: our families, our schools, our work, our corporations, our politics, our social circles, and our philosophies. We cannot just accept the wisdom of the world as true and conduct our lives as if the Good News is a separate matter. They are one. Jesus never asked his friends to go and construct buildings where people could come to hear the truth. He asked them to go to their homes and meet them one on one, face to face. When the rubber meets the road and the message is challenging, rejection is quite possible. That's the litmus test for whether we're really doing what we have been asked.

If you are going to the hospital, please speak to the receptionist at the church and let them know when you will be admitted and to what hospital you will be admitted. It would also be very helpful if we knew your room number.

## What We Carry from Town to Town

In my experience, there are two kinds of people: the folks who kick off their shoes the second they walk through the door, and the ones who don't.

People can feel strongly about this on both sides. The main thrust of the Shoes-Off Brigade seems to be this: we track a lot of weird stuff on the soles of our feet. Little reminders of all the places we've been — whether it's a private home or a public bathroom — cling to our shoes long after we leave.

This same theory applies to our spiritual lives. As human beings and as disciples, we visit a lot of figurative towns and pick up a lot of figurative dust. Sinfulness. Shame. Defeat. Anger. Fear. Doubt. No matter how hard we try to keep free of it, these things have a way of attaching themselves to us, sometimes without us even noticing. We need to take a good look at what unhelpful and unconstructive baggage from our past we're tracking into our present and future encounters.

What is the "town" God is asking you to visit today in His name? Is it a tough conversation with a friend, a brief witness to a stranger in the checkout line, a call to be present to someone in your family? Before you go, remember, shake off the dust. Don't let a past disappointment constrain you. Don't allow yesterday's failures or burdens to keep you from the joy of today's witness, whatever form it might take.
