Eight Things Every Catholic Dad Should Know About Fatherhood

Father's Day is a day to celebrate the gift and importance of Dad's throughout the world. It is also a day for each one of us, especially men, to reflect on what it means to be father, how we are called to live it, and to ask ourselves if we are living in the way that we should.

1) Encounter with God the Father: One can't give what he doesn't have. Many of us have been blessed with great fathers growing up, but others haven't. Any man who seeks to be a good father, ignoring God the Father, will inevitably fall short. One must be aware that you aren't in control of your family, God is. Your leadership and service must be obedience and humility that you lie towards Him.

2) Conversion: A good father must grow daily in conversion. An man that abandons his efforts to live a Christian life, abandons the most fundamental testimony that he can give to his children.

3) Man of Prayer. Conversion breaths prayer. Without it, it suffocates. If your schedule is too bust to allow time for prayer, change it.

4) Understanding your True Vocation: For those that are blessed to be married and have children, you must recognize that helping your families get to heaven and being good husbands and fathers is your real vocation.

5) Presence not Presents: Presence is "being with", "being for". This implies that you invest serious time with your family - in quantity and quality.

Take a moment to marvel at who they are and who they are becoming. Look them in the eye, listen to them. Showering them with presents and fancy gifts is a poor substitute for face-to-face time; in fact, it isn't a substitute at all..

6) **Courage:** Have the courage to love according to the truth. The truth is that life isn't easy and neither is being a good Catholic. Have the courage to correct, to teach, to demand, to challenge.

7) **Love your Wife:** Men, you must love and cherish your wives, plain and simple. Your children will learn to love others by how they see you and your wife love each other. The husband-wife relationship is their first school in love. It is the first lesson in community, in communication, in sacrifice and in service. To love your wife means to offer your life for her, every day.

8) **Be Humble:** In any relationship of service and authority, one quickly becomes aware of his or her own weaknesses. Don't be afraid, accept it with humility; it is perhaps one of the greatest displays of authority that exists.
