....Amen, I say to you, this poor widow put in more than all the other contributors to the treasury. For they have all contributed from their surplus wealth, but she, from her poverty, has contributed all she had, her whole livelihood. Mark 12:43-44

What made the widow give from her need? Maybe her state in life made her realize that relying on God is the way she had survived in the past. What in our lives keeps us from this same act of faith?

READ THE BIBLE IN A YEAR

In January of 2022, we will form a group of like-minded folks of all ages to start a journey to read the Bible in a year. By using Ascension Press' "Bible in a Year" podcast, with Father Mike Schmitz which comes with an easy to follow reading chart - we will undertake this journey together. All of this at your own pace and a time of your choosing. Your mission is to listen to a short daily podcast that will help you to understand the passages you just read from the comfort of your own home. Then if you would like, check-in once a month at a group meeting for encouragement and to share your insights.

The Bible is our Heritage - it tells us of our relationship with God from the "Beginning," of our relationship with Jesus, and of our relationship with the Catholic Church which He founded. We need to know our Heritage!

This would make a wonderful New Year's Resolution. It is so much more than just reading the Bible page by page. It is "A Chronological Portrayal of Salvation History" where you will "Get the Big Picture of the Bible" by reading it in the order of "fourteen narrative Books of the Bible" with the other Books being read in the order and relationship to those fourteen.

1ST QUARTER 2021-2022 FINANCIAL STATEMENT NOTES

Income for the first quarter is up \$272,824 as compared to the same time last year due to:

- Tuition has come in at a faster rate than last year due to more people paying in full and having a greater student population (increase of approximately 20 students)
- The preschool has received two grant payments totaling \$83,200
- With activities resuming after being largely shut down from covid last year income from auxiliary and program revenues is up \$72,762

Expenses for the first quarter are up \$152,547 due to:

- Total payroll and benefit expenses are up \$29,417-this is not unexpected as some new positions were added during the budgeting process as well as 2% raises being given
- Plant and grounds expenses are up \$62,683; part of this is due to utility and other expenses rising as we bring the campus back to life whereas it was largely shut down at this time last year and the large amount of expenses to keep our HVAC systems running. Between March 1 and September 30 of this year, well in excess of \$30,000 has been spent on repairs to keep the various systems running
- As with the income, auxiliary and program expenses are up as activities come back to normal

Net income is up \$120,277 as compared to the first quarter of last year

Areas of concern:

- Collections are down \$10,590 (\$7,445 of this is due to the elimination of the GE Matching Gifts program) but the decrease is something that will bear monitoring going forward.
- As mentioned above, HVAC repairs have been extremely high. It is our hope based on having a successful capital campaign to have the various systems replaced next summer. This area is one that will definitely be over budget for the current year.

Balance Sheet Notes:

- The parish cash position remains strong
- The loan to the Archdiocese has been paid off
